Sophian to Take Garbage Situation Into His Own Hands

(Continued from Page 1.)
Upon the Sunday school, because
our numbers are small, and all are
well known. The danger in a public
place is not negligible. I, therefore,
feel obliged to direct that the propo-
sed Sunday school picnic announced
for this week be indefinitely postponed,
and that, until the restraint can be
safely removed, all similar gather-
ings in town, involving collections of
children, be considered prohibited."

THIRTY-FIVE DEATHS DAY'S TOLL IN N. Y.

New York, July 28.—The epidemic of
infantile paralysis still is unchecked,
the daily report of the health depart-
ment showing a record.
The bulletin issued today reports a
slight increase in deaths and a small
decrease in the number of new cases
yesterday. During the 24 hour period
ending at 10 o'clock this morning,
there were 34 new cases and 35 fatal-
ities from the disease reported in the
five boroughs of New York city.

C. of C. May Buy Munition Firm's Realty

(Continued from Page 1.)
Well advised realty operators in
Bridgeport asserted today that much
of the savings obtained by the com-
pany in purchase of their original
plans will be sold judiciously and had
been offered this week to the Cham-
ber of Commerce housing committee
under favorable terms.

This assertion was not authenticated
today by Secretary George Gove of
the Chamber of Commerce who de-
clined to discuss the housing plans un-
der advisement with members of the
committee who wished definitely to
formulate plans before making them
public. Manager Blake asserted how-
ever, that his company would be glad
to have the Chamber of Commerce
take up the work of building houses
there as so as to absorb his company
from that necessity.

It is reported through most author-
itative sources that since the changes
in management at both the Remington
Arms & Ammunition Co. and the
Remington-Union Co. Co. that rapid
 strides in production have resulted.
The U. M. C. division is shipping
enormous quantities of rifle cartridges
as evidence by the utilization of paper
boxes from a local factory, the
output for one week being approxi-
mately one million containers. While
the shipment of rifles from the Rem-
ington Arms division has not been
heavy, well advised employees of the
company indicate that manufacture
of parts has rapidly increased by a
somewhat reduced but more efficient
force of men.

GREENWICH MAN SUED FOR BROOKLYN RENT

Papers were filed in the common
pleas court today in an action brought
by the Golden Realty Co. of New
York against Anthony Thompson, a
prominent Greenwich resident. It is
alleged that Thompson owes \$316 for
rent of a Brooklyn apartment. The
action, which calls for \$300 damages,
is returnable to the September term.

EX-SOLDIER, GAS TUBE IN MOUTH, IS FOUND DEAD

Dependent over the failure in
business of a friend in Newark, N. J.,
and worried over his own illness, M.
H. Brown, aged 64 years, a boarder
at the home of N. J. Herman at 831
Myrtle avenue, ended his life this
morning by asphyxiation. Little is
known of Brown's past life except
that he was in the United States army
at one time and apparently was con-
nected with horse racing in his earlier
days.

Because of the finding of three
bullet holes in his room which contained
the records and performances of all
the famous jockeys and racing horses
it was at first believed that he had
been "playing the horses" of late and
had been losing heavily, but accord-
ing to the people with whom he lived,
he has not had the money to do so.

This morning shortly after 8 o'clock
Mrs. Herman went up to Brown's
room to awaken him but smelled gas.
She called her son and sent him over
to the Sacred Heart church, across
the street, where Mr. Herman is or-
ganist. Mr. Herman during part of
the services, returned home, entered
the room, found the man dead, turned
off the gas and opened the win-
dows.

Dr. J. M. Canavan responded to the
call for the ambulance but found that
the man had been dead for over an
hour. He notified Medical Examiner
S. M. Garlick and the body was re-
moved to Cullinan & Mullins' morgue.

According to Mr. Herman, Brown
has not been working since last
March when he was forced to give up
his position as guard at the Remington
Arms plant because of illness, and
did not have the money to bet on
the horses. He had been following
the results of the races and spent
much time in figuring them out.

Brown came to room with the Her-
man family last October and was in
ill health. He worked in a number
of different places but because of ill-
ness had to give them up. At the
first of the year he got a position as
guard at the Arms company but in
March his sickness recurred and since
then he has been unable to work.

He has occasionally done work about
the yard but has been so weak that he
has been unable to exert himself to
any extent. He has received several
letters from a woman in Newark who
he believed to be an old friend. The
woman kept a small store there but
of late business has not been good and
recently the store had to be closed.
Brown is said to have worried over
his inability to be in a position to as-
sist the woman and this morning an-
other letter was received for him but
it bore no signature only the initial
"L". Medical Examiner Garlick said
he did not know the contents.

Brown was found in bed with both
legs turned on and a tube leading
from one to his mouth. The door
had been closed but not locked and
the windows were fixed the same
way.

The people with whom he resided
had noticed nothing irregular about
his actions of late though neighbors
stated that yesterday afternoon while

U-BOATS ATTACK PATROL

Berlin, via wireless to Say-
ville, July 28.—In a naval battle
between several German subma-
rines and four British patrol
boats off the coast of Scotland
two of the British vessels were
sunk, according to a report re-
ceived by the Dutch Newspaper
Handelsblad and telegraphed to
the Overseas News Agency.

the Hermans were away, Brown was
running in and out of the house all
afternoon. Mr. Herman asked with
him last evening but Brown was rati-
onal.
Brown is not known to have any
living relatives. He was married
and had a child but both wife and
child died some years ago.

STATE BRINGS SUIT AGAINST E.W.S. PICKETT

Former Postmaster E. W. S. Pickett
of Fairfield and James Mulligan, the
local wholesale liquor dealer, are
among the seven persons against
whom the State of Connecticut has
brought suit to recover on bonds for-
feited in the criminal court of com-
mon pleas. The actions were filed to-
day in the common pleas court, civil
side.

It is alleged that Pickett furnished
a \$300 bond for Michael Sinchak,
who was arrested for assault in 1915.
The bond was forfeited last April.
The state has attached property in
Spring street, Fairfield, owned by
Pickett, and asks \$550 damages.

Mulligan furnished a \$150 bond for
Anton Zwier arrested in 1915 for as-
sault. Mulligan's property at Broad
and Whiting streets has been attached.
There are four actions against Ma-
ria, Esposito of this city and two pieces
of property, one on Wheeler avenue,
and the other on Water street, have
been attached. She furnished \$400
surety for Rose Lapadusa on two
counts, \$300 for Becky Weinstein and
\$500 for Joseph Dejerolomo. All were
charged with frequenting a house of
ill fame.

The seventh action was brought
against L. Brunetti of New Canaan.
He put up \$75 for Nicholas Franchio,
who was charged with assault.

The Corset Workers union will hold
a meeting this evening in Odd Fel-
lows' hall, at which all the members
are expected. Plans for Labor Day
will be discussed.

MERCHANTS KICK AGAINST FAULTY TROLLEY SERVICE

Voice Protest, Too, Against
Restrictions Against Mo-
torists In Center

The business men of Bridgeport
rebellious at conditions imposed upon
them by the city and the Connecticut
Co. today entered formal protests to
the Connecticut Co. regarding the
trolley service in this city which is
declared inadequate, and to Mayor
Clifford B. Wilson demanding that
the common council be stimulated to
take some action that will facilitate
traffic conditions and permit of more
parking of automobiles in the center
of the city.

At the meeting held by the execu-
tive officers of the organization yes-
terday general protest was made of
the traffic conditions found in Bridge-
port.

That the trolley service is not ade-
quate to cope with the situation and
that many more cars should be added
to the service to bring it up to stand-
ard of other cities outside of New
England, irrespective of so-called
"platform expense" was the concen-
sus of the meeting.

Particular complaint was made
that the Connecticut Co. does not fur-
nish sufficient cars to carry employees
of local stores in the business section
and from their homes at the open-
ing, closing and lunch hours. These
employees are compelled to stand
on the street corners and are late in
arriving at their work caused the
basis for a letter Secretary Fred E.
Morgan of the Bridgeport Business
Men's association was directed to
write to Division Manager Charles H.
Chapman of the trolley company to-
day.

Another letter written to Mayor
Wilson by the same body today calls
attention to the fact that Bridgeport
merchants are losing a large volume
of trade from wealthy residents of
this city and adjoining summer col-
onies because there is inadequate
parking facilities in the center of the
city. It is demanded that the com-
mon council be urged to take some
action that will permit of better fa-
cilities for trade.

At the meeting yesterday it was
shown that in other cities in Con-
necticut and elsewhere about the
country automobiles are parked at
angles to the curb allowing more
freedom of motion as well as a
greater number of vehicles. Statistics
were produced to show that such
cities as Springfield, Mass., had resort-
ed to the purchase of sites for mu-
nicipal parking.

The organization placed itself on
record in a letter to the board of
health at favoring the certification or
pasteurization of all milk entering
the city.
Plans for the annual outing which
are in the hands of a committee com-
posed of Carl Reck, chairman; D. D.
Graves and John Munroe, are pro-
gressing. A band will be engaged.
Dinner for 400 is being arranged.
Athletic sports of various kinds in-
cluding aquatic feats are projected.
The event will take place at Pleasant
Beach, Aug. 17.

UTILITIES BOARD DELAYS FINDING IN TROLLEY CASE

Hears Appeal From City's
Refusal to Allow Discon-
tinuance of Tracks.

(Special to The Farmer)

Hartford, July 28.—Members of the
Public Utilities Commission reserved
decision today on the petition of the
Connecticut Co. for permission to dis-
continue its line in East Washington
avenue, Bridgeport, a distance of 3-
000 feet from Main street east, across
the East Washington avenue bridge,
to Noble avenue. The company had
first petitioned the Bridgeport Com-
mon Council and was refused on the
ground that the company was seeking
to escape paying a share of the New
East Washington avenue bridge that is
to be constructed. The company then
appealed to the commission.

Before the commission today At-
torney E. M. Day and Seth Baldwin,
General Manager J. K. Pufferford
and C. H. Chapman, manager of the
Bridgeport division, appeared for the
company. The line has not been op-
erated since 1910 because of the un-
safe condition of the present bridge in
East Washington avenue. The repre-
sentative of the Connecticut Co. alleg-
ed the traffic does not warrant operating
the line.

City Attorney William H. Conley,
Mayor Clifford B. Wilson, City Clerk
J. Alex. H. Robinson and Alderman
Malcolm MacFayden who appeared
for the city, argued that the growth
of the city northward has already cre-
ated the demand for the new bridge
and the operation of this line over it.
They said the bridge must be built and
the line operated soon to relieve traf-
fic conditions. The commission heard
the appeal of the company from the
order of the city to lay a conduit from
Pembroke street to a point near Strat-
ford avenue. Decision was reserved.

Supreme Court Upholds Decision In Suit of Peck vs. Chain Company

The victory of George C. Edwards
and Gregory S. Bryan of the Bridge-
port Chain Co. in the \$25,000 suit
brought by Julian R. Peck of Brook-
line, Mass., has been upheld by a su-
preme court decision received today.
The court finds no error in the su-
perior court decision, which found
Peck was not entitled to recover from
the local manufacturers when they re-
fused to pay him for a certain type
of automobile chain.

No error was found in the suit of
the State ex rel Gilbert Elliot & Co.
of Boston, against the Lake Torpedo
Co. This action was brought to com-
pel an inspection of the company's
stock book and records. The Lake Co.
counsel made a motion to quash the
writ and this was sustained in the su-
perior court.

CORONER AT CONVENTION
Deputy Coroner Henry C. Stevenson
will be in charge of the coroner's of-
fice for the next two weeks. Coroner
John J. Phelan has gone to Daven-
port, Ia., to attend the Knights of
Columbus convention. The deputy
coroner will make his headquarters in
the county courthouse.

EARLE GARLICK TO LEAVE CAMP SEPTEMBER 1ST

E. Earle Garlick, assistant prosecu-
ting attorney, now a private with
Battery B, one of the Yale batteries
of the 10th Militia Field Artillery, at
Tobyhanna, Pa., will return home by
September 1. Officers of the Yale
batteries have received assurances
from the war department that all or-
ganizations of college men now in ac-
tive service will be mustered out in
time for them to resume their studies.

Batteries B of Stamford and F of
Branford also will be ordered home
and a number of them men given dis-
charges from the National Guard.

With Battery F at Tobyhanna is
Antonio Casoria, formerly corporal of
the 11th Company, Coast Artillery, of
this city. He will be mustered out
as well.

Francis P. Malone, formerly a re-
porter in this city, is expected home
about the same date as it is believed
Troop A, 5th Militia Cavalry with
which he is stationed at Nogales,
Ariz., will be mustered out about that
date. Private Malone is one of a
detail who have been learning to op-
erate a field kitchen. They are dubbed
by their comrades "goulash cannon-
eers."

Sergt. A. C. Bush, of Yale, personal
aide to Col. R. N. Danforth, com-
manding the 10th Militia Field Artil-
lery, has procured three recruits for
the band. They are Harry Cunliffe,
drummer; William Brannan, alto horn
player, and Frank Crocker, bass horn.
The recruiting party has found it
difficult to get musicians as most of
them are well employed here.

First-Lieut. Arthur L. LaRoque,
who was expected to open a recruit-
ing station in the armory here, has not
yet arrived.

THREE YOUTHS IN THEFT OF ORE AT LONG HILL MINE

Stoutly denying the charge of be-
ing one of three youths who attempt-
ed to steal a quantity of brass from
the Tungsten Co. of America in Long
Hill yesterday but later admitting the
charge after a grilling by Detective
Sergeant Peter H. Hall, Albert Kallahan,
21 years old, of 345 Benham ave-
nue, was arrested today after being
identified on the street by P. D.
Newell, superintendent of the com-
pany.

Kallahan with two other youths,
went to Long Hill yesterday after-
noon in a taxicab hired at Water
street and Fairfield avenue. They
went to the mines where they en-
countered the superintendent. They
asked for a drink of water and while
he took them to the tunnel, to get
some cool water, one of the trio re-
mained behind.

On the way, Kallahan and his com-
panion plied him with many ques-
tions which he readily answered. But
when he returned to his shanty he
found that one of three bags contain-
ing tungsten ore had been emptied

and a quantity of brass fixtures, val-
ued at \$25, taken.

He chased the trio and they dropped
the bag and ran into the woods. This
morning he communicated with one
of the officials of the company and
was told to find the fellows as it was
believed they would return and do
great damage.

He was walking to police headquar-
ters when he saw Kallahan and had
Sergeant Hall arrest him. The other
two were waiting for Kallahan a short
distance up the street, and when they
saw him arrested, ran away.

Kallahan was held for Sheriff Ansel
Berger of Trumbull.

Charles Mathews, 62 years old,
an employee of a coal barge now in
dock here, was arrested by Police-
man Thomas Weller this morning for
stealing a number of articles from
the counters in a five and ten cent
store.

DIED.
COSTELLO—In this city, July 27,
1916, Ellen, widow of Timothy Cost-
ello.
